# GEOINT EXPLOITATION, ANALYSIS, & PRODUCTION SERVICES

## WHO WE ARE

### INNOVATIVE & HIGH-QUALITY GEOSPATIAL SOLUTIONS

For over a decade, IUE has been a trusted contractor to the NGA. In 2014 IUE successfully graduated from the NGA Mentor Protégé program, and since then, IUE's mission has been to provide our customers with excellent GEOINT exploitation, analysis, and production services. We operate in a highly technical and critical world to ensure personnel safety and the successful completion of our customer's missions.

Our team specializes in GEOINT Data Analysis, Data Enrichment, and Safety of Navigation Support for Maritime Nautical Charts. Our staff is comprised of seasoned geospatial professionals and Military Veterans with decades of work within the IC community.
